Education

Maharishi Markandeshwar (Deemed to be University), Mullana

Bachelor of Engineering- Computer Engineering

08/2023-Present

Sd Public School

PCM-CBSE,12th

Percentage:80.2%

2022

Sd Public School

CBSE,10th

Percentage:88.8%

2020

Experience

Summer Intern, Skillcraft, Mumbai | SDE Intern | Remote | 06/2025 – 07/2025

Backend:

- Created a Monolithic Architecture comprising layered services.
- Developed secure RESTful APIs using Flask and Flask-Smorest with JWT authentication.
- Modeled 10+ MySQL tables with triggers using SQLAlchemy and Marshmallow for efficient data storage and retrieval.

Frontend:

- Designed logos and UI/UX for customer-facing and driver-facing applications using Figma.
- Developed and tested 8+ key application screens using Flutter.

Content Creator Intern, Nannie.ai | Remote | 03/2026-Present

- Created AI-generated pet content using Veo3 and Google Flow.
- Designed engaging short-form content for social media platforms
- Worked on creative storytelling and visual content optimization

Projects

Cheap Flight Finder | Python, Tequila API

(Oct 2025 – Nov 2025)

- Built a Python-based flight tracking system using Tequila API to monitor low-cost flights.
- Automated email and SMS notifications for real-time fare updates.
- Processed airport and route data dynamically for efficient flight recommendations.

Automated Reminder System | Python, Twilio API, Sheety API, Selenium

(Jan 2026 – Feb 2026)

- Developed a task management and reminder system using Python and automation tools.
- Automated email/SMS reminders with 24-hour advance notifications.
- Integrated Selenium for real-time product price-drop alerts and task tracking.

Word Vault | React, CSS, GitHub, Vercel

(Apr 2026 – May2026)

- Developed a responsive vocabulary management web application using React and CSS.
- Implemented features for storing, organizing, and searching saved words efficiently.
- Designed a clean and user-friendly interface with responsive layouts.
- Deployed the project using GitHub and Vercel.

Skills

- Programming Languages: C, C++, Python, Java, SQL, JavaScript
- Web & Frameworks: React, Flask, FastAPI, Django, HTML, CSS, Flutter
- Tools & Platforms: GitHub, VS Code, Figma, Canva, Power BI, Excel
- Relevant Coursework: Software Engineering, Operating Systems, Database Management System, Object-Oriented Programming
- Soft Skills: Teamwork, Communication, Leadership, Problem Solving, Creativity, Project Management

Certifications

- Web Development Internship Certificate – SkillCraft Technology
 - AI Tools & Productivity Workshop – Be10X
- 07/2025
05/2026.

Position of Responsibility

- Content Lead, Nannie.ai

 - Managed AI-generated content creation for social media platforms.
 - Worked on creative storytelling and visual content optimization.
 - Coordinated content planning and engagement-focused ideas for digital campaigns.
- 03/2026 – 05/2026

Extracurricular Activities & Achievements

- Anchored and presented news reading activities during school events.
- Actively participated in cultural and team-based extracurricular activities.
- Participated in school-level debate and public speaking competitions.
